

## LIGOMANCER armchair

Design: CTRLZAK  
Production: JCP Universe, 2016

*“Moonscraper music  
Machine intelligences  
Bound by song and string”*

Haiku by Alistair Gentry

*Ligomancer* armchair shows what is normally hidden. More than one hundred meters of elastic band, the type commonly used for the internal structure of cushioned furniture, is wrapped and woven around a fine tubular frame. The result is a conceptual artwork inviting us to experience a new dimension of relaxation.

Materials: armchair with metal structure in glossy copper or black chrome finishing. Seat made of black elastic webbing.

Dimensions (W x D x H): 125cm x 87cm x 80cm
