

SELEN vase

Design: CTRLZAK
Production: JCP Universe, 2020

*"Oldest house of leaves
Moons rise over harvesting
Mantis watches you"*

Haiku by Alistair Gentry

A crystal extracted from underground caves of frozen planets becomes a vessel of other life forms. Essential in its nature and function, the piece is composed of a solid block of Selenite that is segmented in order to reveal its core where an inox tube serves as a container of organic elements.

Materials: vase made of natural Selenite block with stainless steel tube.

**Being an element selected from natural environment, dimensions are provided only as a guide.*

Dimensions (W x D x H): 27cm x 16cm x 35cm
