

SOPOVRIA RE side table

Design: Sovrappensiero
Production: JCP Universe, 2019

*"Singles in your town
Disturb the universe
Me ha namida"*

Haiku by Alistair Gentry

Sopovria RE is a diaphanous object, whose contours dissolve and melt with the surroundings. We can spot its hidden soul, balanced between transparency and color. Zoomorphic shapes characterize this central table, a little creature here to keep us company.

Materials: side table with frosted Plexiglas structure. Inner surfaces with adhesive print: Coral gradient or Mint gradient.

Dimensions (W x D x H): Ø 60cm x 30cm
