*“Without description
Beautiful and nothing hurt
Zetsuen densen”*

Haiku by Alistair Gentry

Amedea is the materialization of the invisible, floating paths that connect our existences to an infinite system of emotions, places, and memories. Like in a revealing frame, these connections become visible, crystallizing in the sinuous curves that constitute the sitting and the back of this armchair and transforming the piece of furniture in an iconic, dynamic creation.

Materials: armchair with metal structure in glossy gold finishing. Seat with calendered metal tubes structure, each one covered with high-density polyurethane foam and upholstered in black soft elastic fabric.

Dimensions (W x D x H): 147cm x 80cm x 90cm
